

LMC awards CAMO Drive system first place for new products

By **LBM Journal** - April 17, 2019

Grand Rapids, Mich. — National Nail’s CAMO Drive earned first place in the New Products Showcase at LMC’s 84th Annual Meeting in San Diego. The Lumbermens Merchandising Corporation (LMC), a national buying group of dealers, praised the CAMO Drive for its affordability, versatility and efficiency, National Nail announced.

The [New Products Showcase](#) at LMC’s 84th Annual Meeting featured close to 100 products from more than 60 suppliers.

“One of the cool things about this product is it was developed with direct input from contractors,” said Eugene McCann, product manager, National Nail. “It has multiple benefits such as being fast, easy to use, versatile, and affordable.”

Engineered with insights from decking pros, the CAMO Drive tool was developed to overcome key challenges faced by today’s professional deck builder.

Designed to get contractors off their knees and in a comfortable standing position, it attaches to the contractor’s own drill with three end attachments for installing traditional face fasteners; CAMO’s propriety Edge Screws or their new, CAMO EdgeClip or EdgeXClip.

Rounding out the top three winners are:

2nd Place – SKILSAW Power Tools

3rd Place – Delaney Hardware
