

## PNEUMATIC TOOLS & NAILERS

---

Addressing both pneumatic and battery-powered cordless nailers, these Awards recognize all forms of innovation. While pneumatic tools provide the speed and reliability for framing and finish work, cordless battery-powered tools have stepped up their game, bringing tools that we thought impossible just a few years ago. Manufacturers are also now introducing more products and expanding the capabilities of these tools for carpenters, roofing & siding professionals, and more. Check out the Pro Tool Innovation Awards Winners for the 2019 Pneumatic Tools and Nailers Awards!

### **WINNER – CAP NAILERS/STAPLERS** National Nail **STINGER CN100B** Cap Nailer

#### **What they said:**

The newly-enhanced STINGER CN100B Cap Nailer from National Nail Corp features an innovative design that improves performance with an improved cap magazine for added durability. The original CN100 is a recognized leader in time-saving roofing tools and part of the GAF Hire a Hero training program for military veterans.

Weighing just 4.9 lbs., the lightweight STINGER CN100B features effortless loading, upgraded tool life, and utilizes full, one-inch collated plastic caps. It is capable of firing 200 caps and nails before reloading. The Electro Galvanized ring shank nails are 1" x .083" full round head.

#### **What we say:**

National Nail's Stinger CN100B cap nailer is all about improving an already excellent tool. The larger 200 cap/nail capacity means you have to stop less often to reload. You're also going to see longer service life from the nailer thanks to some durability improvements. At the end of the day, you'll see better productivity from your crew.

**Price:** \$294.95
