[National Nail](#) released its newly upgraded 18-gauge Stinger CS150B Cap Stapler for installing roofing under-layments, housewrap, and foamboard. It's designed to be easier to load, with a longer tool life and adjustable exhaust. It can shoot 200 caps and 200 staples before reloading, and now offers operating pressure up to 120 psi. The Stinger CS150B shoots four sizes of 18-gauge staples with full 1-inch plastic caps. It includes a carrying case.
