## Golden Hammer Video Series: Stinger

The Golden Hammer Awards recognize innovation, value and shelf-appeal.

BY [HBSDEALER STAFF](#) | September 10, 2019

The Stinger CN100B Cap Nailer is National Nail's premier pneumatic cap nailing innovation. It's also a 2019 Golden Hammer Award winner.

The product works fast. Its advertised speed is 5 cap nails per second, with a fastener capacity of 200 caps or nails. It reloads in less than 30 seconds and weighs less than five pounds. The CN100B marks an enhancement of the industry leading CN100 (shown above) and introduces an improved cap magazine for added durability.

“Our upgrades are completely based on customer feedback—we listened to our contractors’ needs to make several enhancements to the Stinger CN-100B. It is now even more durable with an improved cap magazine with fewer reloads,” said Roger Szotko, Stinger Product Manager, National Nail. “The plastic caps are also ASTM tested for high wind and UV performance.”

HBSDealer’s best new product contest draws on the rich history of the Golden Hammer Awards, the iconic industry-wide designation for the best-of-the-best of home improvement. The awards have been revamped for 2019, a year in which innovative products, more than ever, are the lifeblood of the home improvement industry.

Congratulations to National Nail and its Stinger brand of nailers. See all of the 2019 Golden Hammer [Award winners here](#).
